CONSOB approves the Prospectus for the admission to trading of Nexi

Offer Period: from March 29, 2019 to April 11, 2019 subject to early closure or extension of the Offer Period

Milan, March 29, 2019 – Following the press releases of March 26, 2019 Nexi S.p.A. ("**Nexi**", the "**Issuer**" or the "**Company**") announces that on March 28, 2019, the Commissione Nazionale per le Società e la Borsa ("**CONSOB**") approved the Registration Document, the Securities Note and the Summary Note (collectively, the "**Prospectus**") relating to the admission to trading (the "**Listing**") of Nexi's ordinary shares (the "**Shares**") on the Mercato Telematico Azionario ("**MTA**") organized and managed by Borsa Italiana S.p.A.. CONSOB's approval follows Borsa Italiana's admission to listing of the Shares on the Mercato Telematico Azionario on March 26, 2019.

Structure of the Offering

The free float required for the purposes of the Listing will be realized through a private placement (the "**Offering**") comprising: (i) a capital increase, with exclusion of pre-emptive rights, for a total maximum amount of €700 million, inclusive of the share premium, and (ii) a sale of Shares by the selling shareholders.

The Offering will be reserved for qualified investors in Italy and institutional investors abroad pursuant to Regulation S of the United States Securities Act of 1933, as subsequently amended (the "**Securities Act**"), and, in the United States of America, limited to Qualified Institutional Buyers pursuant to Rule 144A of the Securities Act, with the exclusion of any country in which the offer of financial instruments is not permitted without specific authorization of the relevant authorities, in accordance with applicable laws or by way of exception to such provisions.

In particular, with regards to Shares offered by the selling shareholders, Mercury UK Holdco Ltd ("**Mercury UK**") will sell 125 million Shares and Banco BPM S.p.A., Banca Popolare di Sondrio S.C.p.A., Banca di Cividale S.C.p.A., Credito Valtellinese S.p.A. and Iccrea Banca S.p.A will sell approximately 21 million Shares.

As announced on March 26, 2019, the indicative non-binding price range has been set between a minimum of €8.50 per Share (the "**Indicative Minimum Price**") and a maximum of €10.35 per Share (the "**Indicative Maximum Price**"), corresponding to an enterprise value inclusive of the net financial position (the "**Enterprise Value**") between a minimum of approximately €7.1 billion and a maximum of approximately €8.1 billion, corresponding to an equity value range of the Company between approximately €5.4 billion and approximately €6.4 billion, including the capital increase of €700 million.

On the basis of the price range, the number of Shares that will be offered in the context of the Offering will be between a minimum of approximately 213 million Shares, of which approximately 146 million Shares offered by the selling shareholders and approximately 68 million Shares resulting from the capital increase, and a maximum of approximately 228 million Shares, of which approximately 146 million Shares offered by the selling shareholders and approximately 82 million

Shares resulting from the capital increase. On the basis of the price range, the value of the Offering is expected to amount to between approximately €1.9 billion and €2.2 billion.

The overall number of Shares to be offered and sold in the context of the Offering, resulting from the capital increase, will be determined following the Offering on the basis of the offer price, dividing the subscription requests allocated to the capital increase by the offer price.

The determination of the price of the Offering will be made according to the open price mechanism, taking into account, *inter alia*, (i) the domestic and international securities market conditions and (ii) the quantity and quality of the expressions of interest received from institutional investors.

In the context of the Offering, Mercury UK will grant to the Joint Global Coordinators an option to purchase a number of additional Shares at the offer price representing up to 15% of the Shares sold in the Offering (the "**Greenshoe Option**").

Immediately following the Offering, based on the price range, assuming all Shares subject to the Offer are sold and the Greenshoe Option is exercised in full, the total Shares held by the market (i.e. by shareholders other than Mercury UK) will represent between approximately 41.5% and 43.2% of Nexi's share capital.

In addition, the selling shareholders have the right to increase the number of Shares sold in the Offering by approximately 1.5 million Shares, corresponding to a maximum amount of approximately €15 million.

The capital increase is functional for the decrease of the Company's financial debt. The Company has also executed a new loan agreement, subject to the completion of the Offering (the "**Loan Agreement**"), in order to refinance at better conditions part of the outstanding debt post Listing.

The Offering is made pursuant to an offering document in the English language (the "**International Offering Circular**") containing information consistent with the information presented in the Prospectus.

Offer Period

The Offering will start on March 29, 2019 and will end on April 11, 2019, subject to early closure or extension of the Offer Period. Trading is currently expected to commence on April 16, 2019.

The Managers are each acting exclusively for the Company and the Selling Shareholder in the transaction referred to in this announcement and for no-one else in connection with any transaction mentioned in this announcement and will not regard any other person (whether or not a recipient of this announcement) as a client in relation to any such transaction and will not be responsible to any other person for providing the protections afforded to their respective clients, or for advising any such person on the contents of this announcement or in connection with any transaction referred to in this announcement. Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended (“**MiFID II**”); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the “**MiFID II Product Governance Requirements**”), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any “manufacturer” (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the Shares have been subject to a product approval process, which has determined that such Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II to such target market (the “**Target Market Assessment**”).

Notwithstanding the Target Market Assessment, distributors should note that: the price of the Shares may decline, and investors could lose all or part of their investment; the Shares offer no guaranteed income and no capital protection; and an investment in the Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the offering. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Joint Global Coordinators and Joint Bookrunners will only procure investors who meet the criteria of professional clients and eligible counterparties.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Shares. Each distributor is responsible for undertaking its own target market assessment in respect of the Shares and determining appropriate distribution channels.

In connection with the Offering, Credit Suisse Securities (Europe) or one of its affiliates, as stabilisation manager, or any of its agents, may (but will be under no obligation to), to the extent permitted by applicable law, over-allot Shares or effect other transactions with a view to supporting the market price of the Shares at a higher level than that which might otherwise prevail in the open market. Credit Suisse Securities (Europe) or one of its affiliates is not required to enter into such transactions and such transactions may be effected on any stock market, over-the-counter market, stock exchange or otherwise and may be undertaken at any time during the period commencing on the date of the commencement of conditional dealings of the Shares on the Mercato Telematico Azionario, organized and managed by Borsa Italiana S.p.A. and ending no later than 30 calendar days thereafter.

However, there will be no obligation on Credit Suisse Securities (Europe) or one of its affiliates or any of its agents to effect stabilising transactions and there is no assurance that stabilising transactions will be undertaken. Such stabilising measures, if commenced, may be discontinued at any time without prior notice. In no event will measures be taken to stabilise the market price of the Shares above the offer price. Save as required by law or regulation, neither Credit Suisse Securities (Europe) or one of its affiliates nor any of its agents intends to disclose the extent of any over-allotments made and/or stabilisation transactions conducted in relation to the Offering.
